Club Models (January 2026)

WHMFC has a number of resources for club members use.

1. Apprentice

This is an EFlite Apprentice, with LiPos and 2 transmitters. This is available for buddy-boxing for any member, or prospective member.

This carries the Operator ID of Ian Howard.

To arrange use of this model, please contact Ian via the club email WHMFC@hotmail.co.uk, or via WhatsApp (either direct, or using "Who's flying @WHMFC")

Any repairs to this model will be from club finances.

2. Apprentice STS

This is an EFlite Apprentice, with LiPos and 2 transmitters. This is available for buddy-boxing for any member, or prospective member.

This carries the Operator ID of Mark Youatt.

To arrange use of this model, please contact Mark via the club email WHMFC@hotmail.co.uk, or via WhatsApp (either direct, or using "Who's flying @WHMFC")

Any repairs to this model will be from club finances.

3. Acrowot

This is a foamy Acrowot, with LiPos and a Spektrum receiver. This is available for any club member to borrow and use with their own transmitter. The receiver may be swapped out but the original receiver should be returned with the model at the end of the loan period.

Whoever borrows the model must add their own Operator ID, and remove it when the loan period is complete.

Whoever borrows the model is responsible for financing, and undertaking any repairs. General 'wear and tear' notwithstanding, the model should be returned in a good flying state.

To arrange use of this model, please contact Ian Howard via the club email WHMFC@hotmail.co.uk, or via WhatsApp (either direct, or using "Who's flying @WHMFC")

4. DJI Camera Multi-Rotor

This is a camera equipped device suitable for 'taster' flights, training, or to help in locating lost models. It comes with LiPos, ancillary equipment, and SD card.

Whoever borrows this must add their own Operator ID, and remove it when the loan period is complete.

Taster Flights/Supervised Learning

These will generally be supervised by a committee member, or an experienced multi-rotor club member. Any damage sustained will be financed from club funds.

To arrange a Taster flight or Supervised Learning, please contact the club via WHMFC@hotmail.co.uk.

Locating lost models

Any club member who has experience of flying multi-copters can borrow this to help locate a lost model. Whoever borrows it is responsible for returning it in a good, undamaged state, and is responsible for financing any repairs or replacements.

To arrange use of this model, please contact Mark Youatt via the club email WHMFC@hotmail.co.uk, or via WhatsApp (either direct, or using "Who's flying @WHMFC"). ***The usual consideration of minimising crop damage applies.***
